

## Create And Configure IBM Cloud Services

Date	10 September 2022
Team ID	PNT2022TMID22104
Project Name	Signs with Smart Connectivity for Better Road Safety
Team Leader	C. Rujesh Kumar
Team Members	Pokala Rohith Praveen.G Yokesh.G

### Create Node-Red Service

The screenshot displays the Node-RED web interface in a browser. The address bar shows the URL `127.0.0.1:1880/#flow/402fe14b9265f9be`. The interface includes a left sidebar with a 'filter nodes' search bar and two categories of nodes: 'common' (inject, debug, complete, catch, status, link in, link call, link out, comment) and 'function' (function). The main workspace, titled 'Flow 1', contains a single flow with two nodes: 'IBM IoT' (blue) and 'debug 1' (green), connected by a line. The 'IBM IoT' node has a red 'disconnected' status indicator. The right sidebar shows the 'config' tab with a dropdown menu set to 'all' and 'unused'. Below this, the 'On all flows' section lists the 'ibmiot' service with the ID '7e125e867ca528e6' and a status of '1'. The bottom of the image shows a Windows taskbar with several open applications, including PDF files and a document, and a system tray displaying the time as 7:38 AM on 11/9/2022.
